We Specialize in Growing Fine Gladioli for Bulbs and Cut Flowers

Plant bulbs four to five inches deep and six inches apart in row, in any good soil. Plant in full sun light about 15th of April to 15th of June.

The finer varieties make the very best summer cut flowers. They are very fine for funeral designs, decoration for weddings etc., and vases and baskets for cemetery work.

On the opposite page is a list of varieties grown by the thousands on our place. Visit us during the months of July, August and September and see these wonderful flowers.

They will bloom in your vase for a week if you cut the bloom when the first flower opens and keep the faded blooms pulled off.

CUT FLOWERS ARE 50c AND 75c PER DOZ.

GLADIOLI, OUR SPECIALTY.

Bulbs
per doz.

America, Light Pink	\$.60
